アルミ製ピストン
外径仕上げ加工専用機

EP-O

PISTON O.D. FINISHING
SPECIAL PURPOSE MACHINE

ホームページアドレス <http://www.enshu.co.jp>

本製品は、外国為替及び外国貿易法に基づく規制貨物等に相当します。本製品を輸出する場合には、同法に基づく許可が必要となる場合があります。
The product is subject to the Japanese government Foreign Exchange Law with regard to security controlled items; whereby ENSHU should be notified prior to its shipment to another country.

As a leading manufacturer of machining centers, Enshu boasts advanced equipment manufacturing know-how accumulated through extensive experience in mass production processing. By maximizing its expertise, Enshu has developed a special purpose machine exclusively for finishing of aluminum piston outside diameters.

Machine width: 910 mm, Floor space: 2.0m²

Dedicated design for machining of small aluminum pistons has resulted in minimum floor occupation by narrowest width against same class machine.

Strong and simple construction

低重心により高い機械剛性を実現
Low center of gravity has realized
excellent machine rigidity.

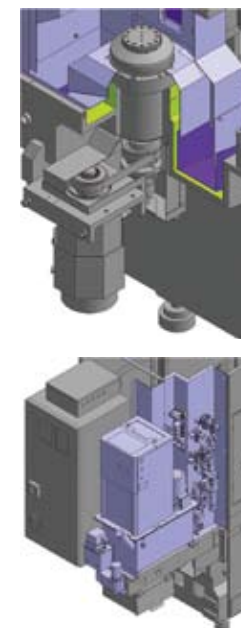

Linear motor drive for tool axes

高出力ニアモータの採用、
および刃物軸の軽量化により1軸へ集約
High-output linear motors and lightweight tool axes
provide powerful spindle performance.

Originally developed vibration suppression control

Use of two tool axes minimizes machine vibration and achieves high precision in high-speed oval shape forming.

Structure designed in consideration of MTTR*

制御機器のメンテナンススペースを確保し、
各機器への良好なアクセスを実現
Sufficient maintenance space allows
easy access to control devices.

(※)MTTR: Mean Time to Repair
平均復旧時間

MACHINE SPECIFICATION

Note: The contents of this area subject to change without prior notice.
 Note: The color of the product might be seen unlike the thing because of the print.
 Note: The option equipment goods might be included in the photo.
